My goodness! Your Honor, please, I move that that statement by the Defense that the witness is following a script be stricken out of record. For the record: Your Honor, the witness was perusing the document before he handed that to the Defense.

Kaso wala eh, sa dami na ng paraan na kinakaya nang kunin at gawin ng buong sambayanan, nagbago na eh. 😅😅😅

JCD PH krazy hatred on RPN-9 and IBC-13, and putting live coverage of SWOH's Impeachment Trial on most channels (especially GMA, TV5, AllTV).

tanga ka pala eh! we on a 360° platform na, kaya hindi namin na-miss out tungkol sa impeachment trial ni VP Sara sa mga local news channels like ANC, Bilyonaryo, One News, Congress TV, et cetera and digital platforms kahit nasa regular programming ang mga free-to-air channel hindi katulad nung panahon ni Erap. 2026 na wala na tayo sa 2000-2001!

also you forgot RPN-9 is no longer a government-controlled network dahil na-privatize na siya sa ilalim ng Nine Media and they are now airing sports and entertainment programs as RPTV.

JCD PH talaga, masyadong krazy na gusto niya yung panahon nina Erap at Gloria.

Sa 119 na Build, Build, Build projects, **12 lang ang natapos**. Ibig sabihin, **107 ang iniwan** para pondohan, i-execute, at kumpletuhin ng sumunod na administrasyon.

Hindi ako maka-BBM. Pero **credit is due to those who did the work, not those who merely started it.**

Kung ang nag-umpisa lang ang laging may credit, edi lahat ng contractor puwedeng mag-iwan ng pundasyon, tapos sila pa rin ang bida kahit iba ang gumastos at nagtapos.

Ang nakakatawa, kapag ipinagpatuloy ang proyekto, credit daw kay Tatay. Pero kapag itinigil, galit na galit ang DDS. So gusto pala nilang ituloy, pero ayaw kilalanin kung sino ang nagpondo at nagtapos.

ang nasa larawan ay ang nakaubos ng 920 million peso na tulay na iniwan na puro poste lang

The is why you should respect the Catholic priest.

Do you know when the priest is celebrating the Eucharist, even if there is war the priest would not stop the mass mostly during consecration the rite has to finish.

‘MAY NAGIGING BASEHAN NA SI BISE PRESIDENTE’

Palace Press Officer Usec. Claire Castro reacted to the brief statement of Vice President Sara Duterte on Tuesday.

“Ating nadinig at napanood ‘yung sinabi niya, ‘In this bloodbath and bludgeoning, I will be bloodied but unbowed.’ Meron siyang naging basehan at nakita rin natin ‘to sa social media, mula kay William Ernest Henley, ‘Invictus,’” she said in a press briefing on Wednesday.

“Ikinatuwa natin sa ngayon may nagiging basehan na si Bise Presidente ng kanyang mga sinasabi,” Castro added. (Screenshots/RTVM)

BREAKING NEWS: Ibinasura ng Commission on Elections (Comelec) nitong Miyerkules ang reklamo kaugnay ng umano'y P75 milyong campaign donations kay Sen. Rodante Marcoleta. Paliwanag ni Comelec Chair George Erwin Garcia na ang kasalukuyang election law ay hindi na kinokonsiderang criminal case ang hindi pagsisiwalat ng isang kandidato ng mga kontribusyon o donasyon sa kampanya.

VALID CRITICISM SA OPENING NI SHEILA SISON
Bakit ginagawang panangga ang 32M votes? Hindi immunity sa impeachment ang mandato.
Wala na bang script bukod sa jurisdiction, process, due process, at technicality?
Bakit mas inatake ang proseso kaysa sagutin ang mismong 4 articles of impeachment?
Kung mahina ang kaso, bakit hindi durugin ang merits imbes na umiwas sa substance?
Bakit House at prosecutors ang binabanatan, pero walang deretsong sagot sa confidential funds, unexplained wealth, at kill-threat issues?
Opening statement ba ito o rehearsal ng delay tactics?

The Philippines is recognized as one of the world's most mineral-rich nations, owing much of its geological wealth to its location along the Pacific Ring of Fire. Millions of years of volcanic activity and plate tectonics have created substantial deposits of nickel, copper, gold, chromite, and other valuable minerals. These resources are increasingly important as global demand rises for materials used in electric vehicle batteries, renewable energy technologies, electronics, and infrastructure. Government estimates have placed the country's potential mineral wealth in the hundreds of billions of dollars, although not all identified resources are currently proven reserves or economically recoverable.

While this mineral abundance presents significant economic opportunities, it also poses complex environmental and social challenges. Large-scale mining can contribute to deforestation, habitat fragmentation, soil erosion, water pollution, and biodiversity loss if not properly managed. Mining projects may also affect Indigenous Peoples and local communities through land-use conflicts and displacement. Experts emphasize that sustainable development depends on science-based environmental assessments, strict regulatory enforcement, responsible extraction practices, transparent governance, and equitable sharing of benefits. The long-term value of the Philippines' mineral resources lies not only in their economic potential but also in ensuring that their development protects ecosystems, supports communities, and contributes to sustainable national progress.

WATCH: A moderately explosive eruption at the summit crater of Kanlaon Volcano occurred at 7:33 AM today (July 9, 2026) and lasted three (3 minutes) based on the seismic and infrasound records, according to PHIVOLCS.

This event generated a dark gray eruption plume that rose 2-3 kilometers above the crater before drifting to the general east. Poorly visible pyroclastic density currents or PDCs descended the southeastern slopes possibly within a kilometer of the summit crater as captured by the Upper Pantao Observation Station (VKUP) in Canlaon City. Alert Level 2 is maintained over Kanlaon Volcano and entry into the 4-kilometer-radius Permanent Danger Zone must be strictly prohibited, the agency added.

WHEN VIC SOTTO BROUGHT DOUBLE THE LAUGHS WITH THESE 5 CO-STARS 😂

Matching Vic Sotto's tempo when delivering a punchline is never an easy feat, and before he trades laughs with Vice Ganda in the upcoming MMFF entry "The Greatest Showdown", these five co-stars had already proven they could catch up with the Bossing's energy.

🤭 Dolphy's timeless comedic brilliance in "Dobol Trobol: Lets Get Redi 2 Rambol!" (2008) blends cohesively with Vic's signature style of dropping a joke, proving that two comedy kings sharing one screen could only mean nonstop laughs.

😆 Even at a young age, Ryzza Mae Dizon's ability to build natural, funny conversation with Vic made their movies like "My Big Bossing" (2014) all the more entertaining, showing she could definitely hold her own against Bossing's zingers.

😆 Whether on TV or in films like "Smith & Wesson" (1988), Joey de Leon and Vic have become a dynamic duo whose classic back-and-forth banter has never failed to make audiences cackle.

🤣 Known for his observational comedy, Jose Manalo's quick everyday references supplement Vic's wit, giving films like "Pak! Pak! My Dr. Kwak!" (2011) an extra dose of fun.

🤪 Ice Seguerra's infectious energy as a child star perfectly matched Vic's humor, creating a pair that was just as heartwarming as it was hilarious in "Good Morning, Titser" (1988).

MAYOR BASTE, HINDI NANONOOD NG IMPEACHMENT TRIAL NI VP SARA

Hindi raw nanonood si Davao City Mayor Baste Duterte ng impeachment trial ng kanyang kapatid na si Vice Pres. Sara Duterte.

Paniniwala ng mayor, ayaw umalis sa posisyon ng mga nasa kasalukuyang administrasyon.

"Ginawa nila 'yung impeachment, the entire campaign for three years. Pinagsikapan ng administrasyon na 'yan kasi gusto nilang sila pa rin," saad ni Mayor Baste sa panayam kay Alvin & Tourism sa kanyang pagbisita sa The Hague nitong Miyerkules, July 8.

"Hindi ako nanonood kasi, you know... Even nung simula pa lang ng termino ni [Pres. Bongbong Marcos] 'yan, nung nagkalabuan na," dagdag pa niya. | via Bryll Montalvo

Trump says 'a lot of unity' at NATO summit after lashing out at allies

Commentary
"European growth could be a casualty of increased defence spending
In a conflict-ridden era where the U.S. is reluctant to act as the world's policeman, European governments have compelling reasons to ramp up defence spending. But that doesn't mean military investment is the optimal route to achieving economic growth – and it could be a barrier if it crowds out more productive investment.

Daily Prayer
Lord our God, we thank you for the great light you send throughout the world to let us know that you forgive, that no sin is too great for you to forgive. Grant that men may cry out, "Have mercy on me, O God!" Give them the spirit of prayer in their hearts to call, "Father, forgive us our sins." Send your Holy Spirit, the Spirit of truth & humility, & then forgive their sins. Wherever a soul is sighing, wherever someone is calling to you, hear him. May our prayers come before your throne. Hear and answer us. We have so much on our hearts that we cannot rightly express it all. We pray for others too. Father, forgive them. Clear away all the obstacles so that your judgment can be merciful toward those whom you forgive. Be w/ us. May we be a church community of Jesus Christ, washed in his blood, w/ strength to face every bitter outburst of the world's fury and still forgive. May our prayer remain, "Forgive us our sins as we forgive those who sin against us." Amen.

‘GINAGAWA LANG NAMAN NAMIN ANG TRABAHO NAMIN’

Ipinaliwanag ng legal counsel ni Vice Pres. Sara Duterte na si Atty. Michael Poa ang makailang ulit na pag-object ng defense team kasabay ng pagpresenta ng prosekusyon ng unang witness nitong Martes, July 7.

“Hindi po strategy iyon. It’s really something that lawyers do everyday in court. Under the rules, there are questions that are objectionable and there are questions that are allowed,” saad ni Poa.

WHO DO YOU THINK HAS BEEN THE BEST REPRESENTATIVE OF ILOILO CITY IN CONGRESS?

A look back at the Congressmen of Iloilo City (1987–Present)

Since the restoration of the Philippine Congress under the 1987 Constitution, **Iloilo City has been represented in the House of Representatives by leaders entrusted with crafting national laws, securing funding for local development, and championing the interests of Ilonggos on the national stage**. Each representative served during different chapters of the city's history, contributing to its growth through legislation, public service, and advocacy.

• **RAFAEL J. LOPEZ VITO (1987–1995) (2 Consecutive Terms)**
As the first representative of Iloilo City's lone congressional district under the 1987 Constitution, Rafael J. Lopez Vito helped restore the city's voice in the re-established House of Representatives following the return of democratic governance.

• **RAUL M. GONZALEZ (1995–2004) (3 Consecutive Terms)**
A respected lawyer and veteran legislator, Raul M. Gonzalez represented Iloilo City for three consecutive terms before later serving as Secretary of Justice. He was recognized for his active participation in national legislation and significant contributions to public policy.

• **RAUL T. GONZALEZ JR. (2004–2010) (2 Consecutive Terms)**
Raul T. Gonzalez Jr. continued Iloilo City's representation in Congress for two consecutive terms, participating in legislative work while supporting programs and initiatives aimed at the city's continued development.

• **JERRY P. TREÑAS (2010–2019) (3 Consecutive Terms)**
Following his tenure as mayor, Jerry P. Treñas served three consecutive terms in Congress, where he worked on national legislation while helping secure programs and infrastructure support for Iloilo City before returning to the mayoralty in 2019.

• **JULIENNE L. BARONDA (2019–PRESENT) (Currently Serving Her 3rd Consecutive Term)**
Julienne L. Baronda made history as the first woman elected to represent Iloilo City's lone congressional district. She continues to serve in the House of Representatives, advocating legislation and programs benefiting Iloilo City while serving her third consecutive term.

From 1987 to the present, who do you think has been the most impactful Congressman or Congresswoman of Iloilo City? Share your answer in the comments and tell us which representative made the biggest difference through legislation, leadership, public service, or projects that benefited the city.

She had such a distinctive voice; even as a very small child, if I heard Bonnie Tyler's voice I just knew it was _her_ singing. She will be an eternal icon in music. I hate to think of the thought of some artist sampling her music even; some artists work should be left untouched, especially her music and

Gaynor Sullivan (née **Hopkins**; 8 June 1951 – 8 July 2026), known professionally as **Bonnie Tyler**, was a Welsh singer and songwriter. Known for her distinctive husky voice, Tyler came to prominence with the release of her 1977 album *The World Starts Tonight* and its singles "Lost in France" and "More Than a Lover". Her 1977 single "It's a Heartache" reached number four on the UK Singles Chart and number three on the US *Billboard* Hot 100.

In the 1980s, Tyler ventured into rock music with songwriter and producer Jim Steinman. He wrote Tyler's biggest hit "Total Eclipse of the Heart", which sold over 13 million copies worldwide and was released as the lead single from her 1983 UK chart-topping album *Faster Than the Speed of Night*. Steinman also wrote Tyler's other major 1980s hit "Holding Out for a Hero". Her other successful singles during this period included "Here She Comes" from the 1984 soundtrack to *Metropolis* and "If You Were a Woman (And I Was a Man)", written by Desmond Child and produced by Steinman. She had success in mainland Europe during the 1990s with Dieter Bohlen, who wrote and produced her hit "Bitterblue". In 2003, Tyler re-recorded "Total Eclipse of the Heart" with singer Kareen Antonn; their bilingual duet, titled "Si demain... (Turn Around)", topped the French charts.

Model of a SARS-CoV-2 virion

A **virus** is a pathogen that replicates inside the cells of an organism. They are found in almost every ecosystem on Earth and infect all life forms. Since the discovery of the tobacco mosaic virus in 1898, more than 16,000 of the millions of virus species have been described. When infected, a host cell is often forced to produce thousands of copies of the virus. Outside an infected cell, viruses exist as virions, which consist of genetic material, the capsid that surrounds and protects the genetic material, and sometimes an outside envelope of lipids. Viruses can spread through disease-bearing organisms, airborne transmission, hand-to-mouth contact, ingesting food or water, and other means. Viral infections in animals provoke an immune response that usually eliminates the virus; viruses that evade immune responses result in chronic infections. Immune responses can be produced by vaccines, while antiviral drugs can be used to treat infections. ***(Full article...)***

Artificial intelligence took center stage in Vice President Sara Duterte's impeachment trial after several senator-judges questioned whether the controversial video at the heart of the grave threats charge could have been AI-generated.

While an NBI witness maintained the video was authentic based on manual review and experience, senators pressed why digital forensic tools were not used to rule out deepfakes.

PAGGAMIT SANG PHOTOCOPIES SANG ORIGINAL DOCUMENTS, SA KORTE LAMANG GINA-APPLY SUNO SA ISA KA ABOGADO

Indi sa tanan nga tion, pareho ang bug-at sang photocopy kag original nga dokumento.

Ini ang gin-athag sang Ilonggo senior litigation kag trial lawyer nga si Atty. Hector Teodosio.

Sa tunga ini sang mainit subong nga topiko sa social media sa diin ginadebatehan ang paggamit sang photocopy bilang ebidensya sa korte nga nangin sentro sang ikaduha adlaw sang impeachment trial ni Vice President Sara Duterte kahapon, Hulyo 7.

Suno kay Atty. Teodosio, sa korte lamang mahimo gamiton ang photocopy sang original documents bilang ebidensya ilabi pa kon isa ini ka government paper nga mahimo man ma-verify sa opisina sang gobyerno ang authenticity sini.

Apang ginklaro man sang abogado nga apisar legal ini nga buluhaton sa korte, nakadepende ini gihapon sa sitwasyon.

Ginhalimbawa niya nga kon ang ginaawayan sa korte amo ang gin-falsify nga dokumento, kinahanglan gid sang original copy agud mapamatud-an ang falsification.

Ginsiling pa sang abogado nga mahimo gid man maggamit ang photocopy sang kwarta apang sa korte lamang bangud kon kaisa, ginapresentar ini bilang ebedinsya sang mga otoridad nga nagapatigayon sang buy bust operations apang indi pwedi i-apply sa personal nga pagpangabuhi.

YOUNG ILONGGOS CHAMPION GLOBAL GOALS

There are victories that bring home trophies, and there are victories that inspire an entire generation.

Here in Iloilo, we believe that meaningful change begins at the local level. What we do for our province contributes to the betterment of our country, and it is inspiring to see our young people embrace the same mindset—that neither age nor circumstance is a barrier to making a meaningful contribution toward achieving the United Nations Sustainable Development Goals.

Before the start of our 51st Regular Session, we proudly recognized outstanding Ilonggo youth servant leaders whose passion for service, leadership, and sustainable development earned them recognition as National Finalists in the Ten Outstanding UN SDG Awards (TOUSA) 2026, held from June 24 to 28 in Puerto Princesa, Palawan.

This milestone reflects what MoRProGRes Iloilo stands for: empowering resilient communities, nurturing competent leaders, and building a province where progress is shared by all, especially by the next generation.

Congratulations to our National Finalists!

I noticed that several Ilonggos really admired the two lawyers face-to-face in the on-going impeachment trial. But mind you, if you will only try to observe our local law practitioners in Iloilo when they argue in court hearings, you will realize that many much younger lawyers that we have are far better in trial than those lawyers Attys. Ligutan and Narvasa. If you admire Chiz Escudero in the way he presides or rules on motions and objections, you will also realize that our local judges in Iloilo are far better presiding judges.

BABY, IF YOUR LOVE IS IN TROUBLE? 💔

American actress Margaret Qualley and musician-producer Jack Antonoff have reportedly called it quits after almost three years of marriage, according to People Magazine.

“Qualley, 31, and Antonoff, 42, have separated, PEOPLE confirms, with a source adding that the pair’s relationship is ‘rocky,’” the report read.

The breakup rumors started when Antonoff attended Taylor Swift and Travis Kelce’s wedding without Qualley.

Qualley is known for her roles in “The Substance” and “Once Upon a Time in Hollywood.” While Antonoff is part of the band Bleachers and co-produced Swift’s “Tortured Poets Department” and “Midnights” albums.
